

Hi Melvin

Good speaking with you last week, I have kept your blade cutter blue container here so next time please call through, please add this to your customer info;

" We are extremely happy with all the equipment we purchased through Sushi Machines, we can now produce large volumes of high grade sushi with minimal amount of staff, the machinery is easy to use and cleaning is very simple. Customer service from Melvin has been terrific and we highly recommend Sushi Machines to any new business!"

I hope this is ok, please change it around if you like!

Cheers

Wayne
